

# If You Give A Grownup a Coloring Book...

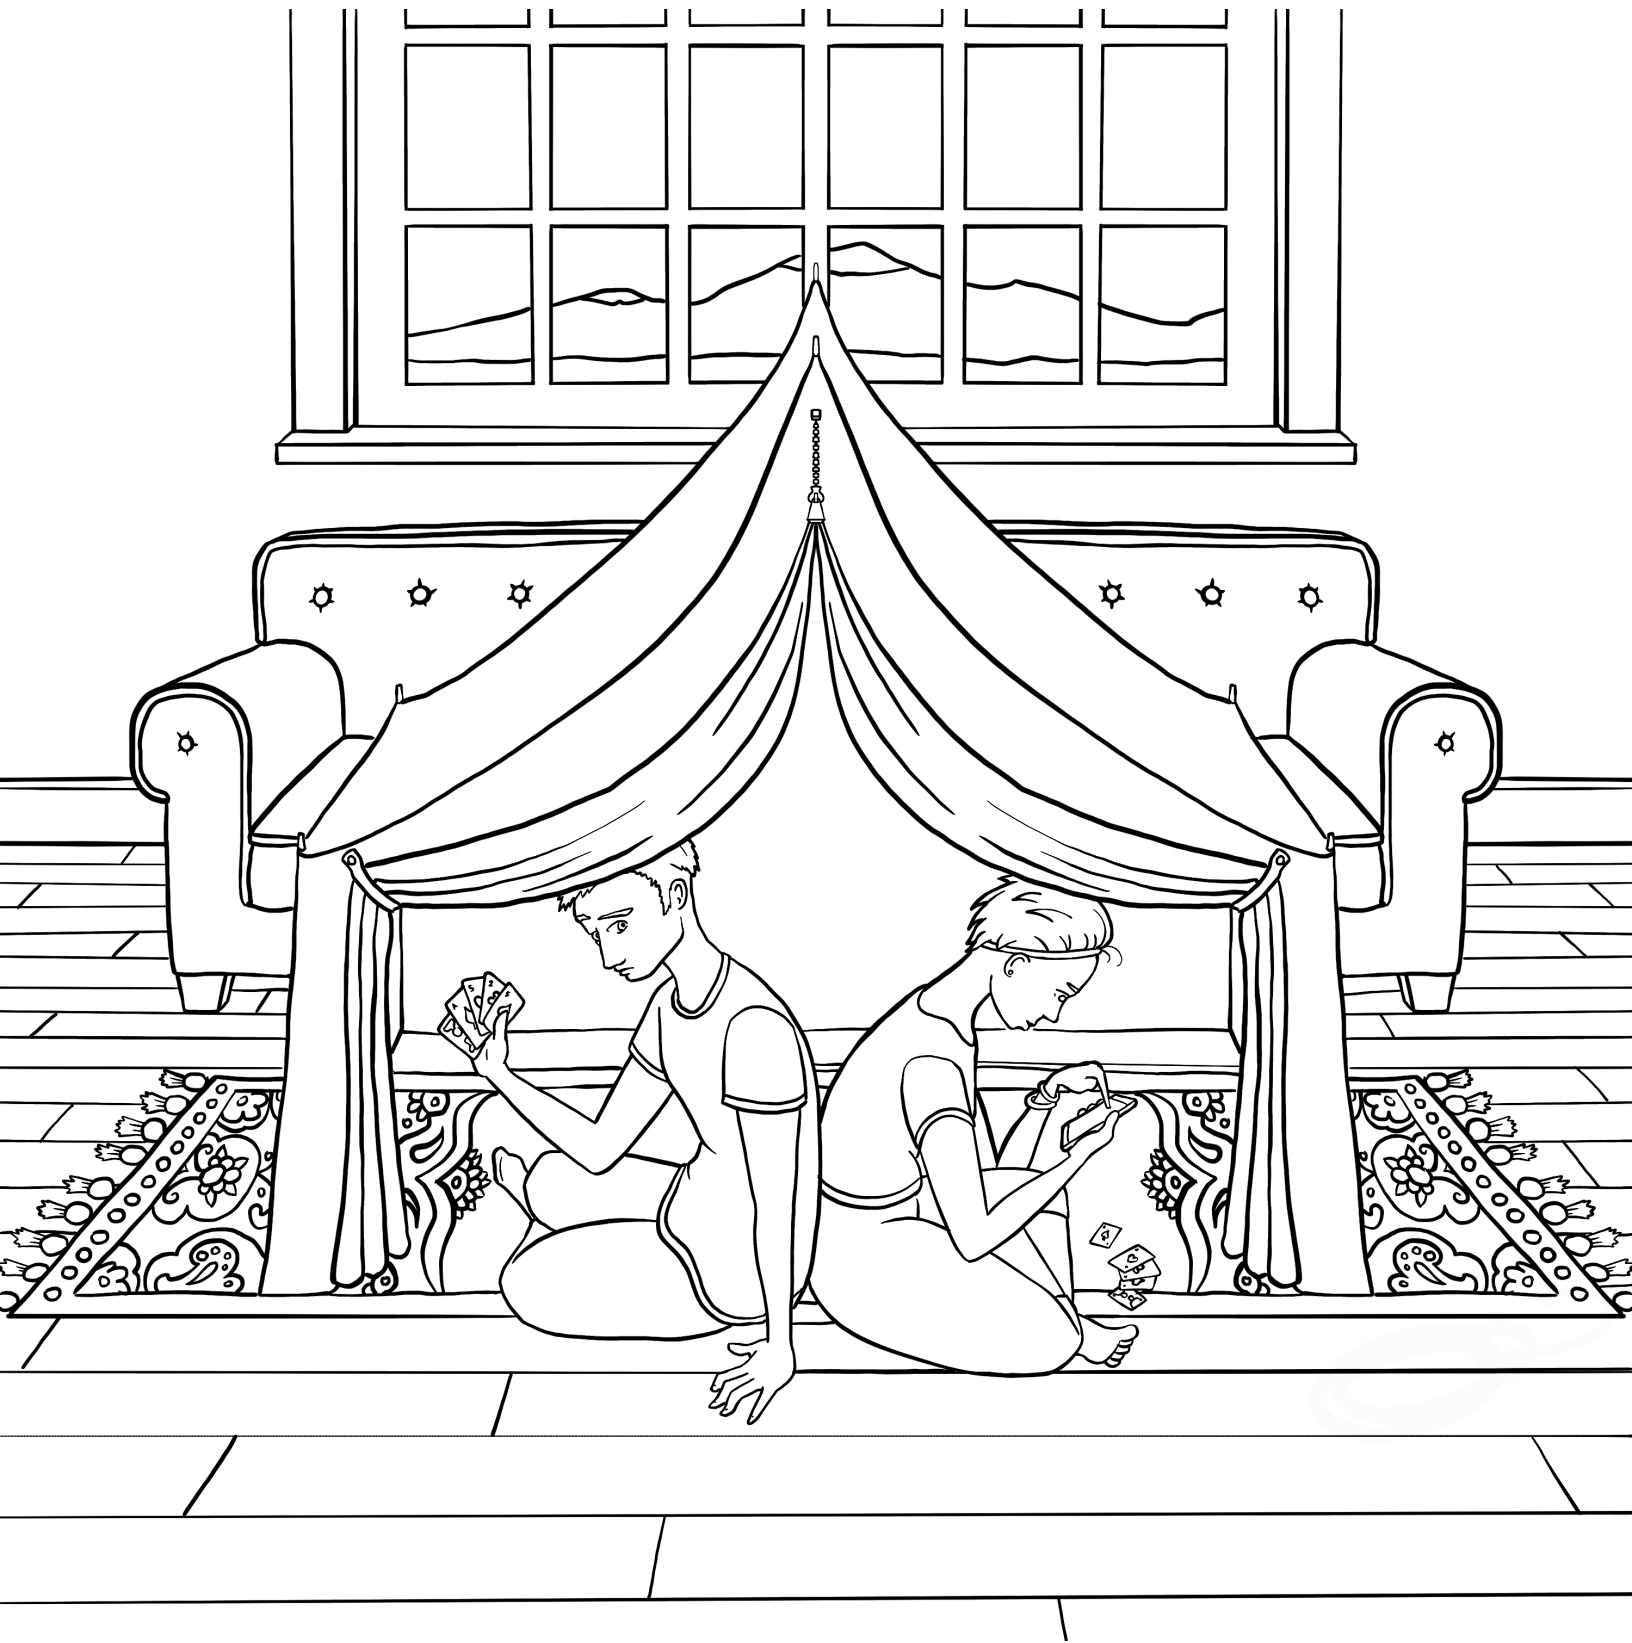

Hide in the closet when kids start to fight?  
Working from home is unbridled delight!

Get fit while you shelter! Enjoy multitasking!  
This martini's a free weight, in case you were asking.

Bond with your partner or bond with your phone.  
The choices are endless while camped out at home.

Missing your peeps? Miss the sun on your face?  
Just a few little props help you manage with grace.

A spa day! How lovely! And nothing can spoil it.  
Just don't look around at the hairs on the toilet.

A personal best on the stair machine- yay!  
But beware of the cat if she gets in your way.

If sitting all day put your buns to the test,  
Just find some old boxes-Voila! Standing desk.

It's perfect attire for your morning meeting.  
Pajamas on bottom are winning, not cheating!
