

STORYBUILT.COM

Now more than ever we need to feel connected. During social-distancing we are launching "connected tours".

Meeting 1: Schedule a video chat with your sales consultant - share screens and learn more about your favorite homes.

Meeting 2: Your next video chat will include a screen share video walk-through of your selected home (or similar model). During this video chat you will see all rooms and minute details from backslashes to hardware.

Meeting 3: If you must see your home to move forward with your purchase, we will schedule a CDC-adherent walk-through with unit (fully sanitized before and after).

# connected tours @ storybuilt

schedule real time with your sales consultant.
